## Alive in his Cofin-

At intervals we learn from our exchanges that indecent if not unfeeling haste has been manifested in the burial of the dead. A remarkable case in point The season is late, but luxuriant. The backward has lately occurred in Hamilton County, Ohio, where spring kept vegetation in check, and everything seems one Wat Eckman, a wealthy man, was taken violenly to have burst at once into full leaf. During a trip ill on the morning of the 15th, and died, apparently, of twelve hundred miles through the West the eye on the afternoon of the same day. The very next morning the body was coffined and joited in a market ifornia, to wit : Beginning at St. Louis and Memphis, wagon to a church, where a funeral sermon was on the Mississippi river; thence forming a junction Missouri, corn, thou h two weeks later than usual, preached. The choir was about singing the last hymn, when they were interrupted by lound sounds the direction of Preston to the Rio Grande, at the nation prevailed among the congregation, and a stam. | more, on Donna Anna; thence along the new road toes, of which a great breadth has everywhere been planted. Wheat generally was luxuriant and begining, but was struggling manfully to free himself from-to him-mysterious confinement. The blood was flowing freely from his mouth and nose, but in a very few minutes he was able to speak. At last of the President, given the contract to John Butter accounts he was able to walk about his room.

It appears from our California files that there is some serious apprehension that the communication will be cut off between Acapulco and the city of Mexico. The Indians, numbering from 4,000 to 5,- of the Supreme Court are not slaveholders. Four of 000, have revolted near Chilpancingo, and have de- the justices reside in free States, where no one owns feated the fusileers of the government and killed the slaves. The Chief Justice is not a slaveholder, nor prefect of the district. The cause of the outbreaks has he been for upwards of thirty years. Where shall we go for Cotton ? This seems to be the great question of the day in England. Although the import last year was 1,024,-000,000 pounds against 488,000,000, in 1841, and 757,000,000 in 1851, the increase in supply does not Manchester is all alive about it, and a commission has recently been established in that city to search

And yet the trouble does not seem to be so much present Chief Magistrate has had ample opportunity about quantity as quality. There are three kinds in afforded to him, through his long public career, of general use, but owing to the difference in quality, tasting the fruit produced by the culture of Executive one cannot, to any considerable extent, be substituelse than mischief to the cause they engaged to staple; but this quality is only used for fine goods, formation obtained from others be correct, the present | East Indies, but it makes a fabric so poor, owing to Executive has no affection for Administration organs. its own poverty of character, that it is never drawn in the light of inflated to addes," "puff machines," with steam always up, other sorts—growing out of a short supply of those ready to blow any gale, or sound any note, for a good other sorts-compels a resort to it in order to keep plate of "Government soup," and, in no instance, up a supply of cheap cloth. There does not seem to be any limit to the supply of this grade, for whenev-A Government constituted like ours has no use for er prices are high enough to pay, it comes. In 1852, even by Protestants to be insulting and offensive, and an "organ" to take charge of its interests; and it the import was only 85.000,000 lbs., but advancing

houses of the Legislature to oppose the bill at every ting to the people, or lecturing them, under the But this resource does not answer the purpose .maxim of kingly governments, into the belief that Cotton grown in the United States-the medium "the King can do no wrong." The people are the staple, of which the great bulk of our crop is comsovereigns in this country—they make and unmake Presidents and Administrations, in a constitutional manner. Let the people—the Democratic people, who compose the only relicical party in the country fit to govern it under the Constitution—have their "organs." Let the combined Democratic tress of will remain on the shelf or go into consumption very ably entertained by the naval authorieties at Portsmouth. the several States constitute organs, and speak boldly, independently, in trumpet-tones, the views and will rience of years consumers have found out which is In the House of Commons the bill in relation to of the great Democratic family. This is the kind of the best, and the difference in the two fabrics is so ministers of mercy in Ireland was opposed by Lord " organic " music we want in cur republican Govern- | manifested that the skill of the manufacturer cannot

As the case stands, therefore, England depends on The House of Commons was mainly engrossed in nents of the popular sentiment, without waiting for the United States for the greatest staple of her most the supply bills. In one of the appropriations the orders from an Executive or Administrative organ, no important manufacture. Of her whole import last matter how constituted or where located. The in. year nearly eighty per cent. was produced in this and loans, but the movement created only a very purity. The President and his Cabinet will then have relations we may cut off her whole supply, which so long as he conducts the administration upon the The disastrious effects of such a measure upon a The London Times publishes an article on General | well-defined principles of the great national Demo- | country | where a very small decline in the de-Walker's career in Nicaragua, in which it calls upon cratic party; and, that this will be done, there is no mand for labor produces distress and starvation, can the United States government not to tolerate such more doubt, in our mind, than that James Buchanan hardly be over-estimated. A very short crop in this have something more to say about " organs" here- mand for cloth, would produce serious, bad effects. But supposing neither of these things to be apprehended, except as remote possibilities, there is. 2. The THE INITIATIVE STEPS OF CRIME. - A sad scene rivalry of our manufactures growing more troublewas witnessed at the Philadelphia Central Police some every year, as science, skill and experience ena-Station on Saturday, at the hearing of a number of ble them to reduce the cost of manufacturing cloth,

One of those implicated, upon being placed up- Formerly England had three great points in her faon the stand, gave the story of her life for a vor and one againts ner. She had cheaplabor, cheap short time back. She was a girl, quite handsome, money, and cheap cotton, (to a certain extent,) and and not over seventeen years of age. She lived at only the higher cost of medium cotton to contend home, she said, with her parents until within a few with. She has now only cheap labor and the differweeks ago, when a display drama was produced at ence in her favor on that is about made up by the one of the city theatres, and a number of females higher cost of raw material. As before said, the were required as performers. The girl then expres- rivalry of cloth made from Surat cotton has disapsed an intention of taking part in this, and told her peared-that has to stand on its own merits-and we parents to this effect. They gave a decided refusal now go into the market of the world at least on

minated at length by the girl leaving her home for- Lowell can furnish cloth as cheap, to say the least, ever. At the theatre she remained until the piece as Manchester can do it, and so long as England has was completed, and was then thrown upon the world to look to us only for her supply of cotton of the antirely friendless. She met with some women who quality she requires, and must have, in order to comoffered her their protection, and, step by step, arquir- pete with our manufacture, she must necessarily fall ed such a mastery over her mind as to induce her to astern in the race every year, for we look upon it as join them in passing counterfeit money. She enga- a fixed fact that every year a larger quantity of cotged in the business-was carried to New York and ton will be worked up in this country for foreign Baltimore-returned to Philadelphia-was detected, markets, and a less-comparatives-quantity be ex-

Manchester; it is in truth a serious case in view of the facts we have stated. At the same time it is a case for which there is no remedy, unless a substituete can be found for cotton. The experiment of producing "The act of Congress establishing the Territory American cotton india has proved an utter faiture, of Utah contains within itself a provision for its re- and there is no other country in which it can be propeal, and therefore the idea that Congress has no duced to any extent that will change materially the moral right to repeal it is erroneous. The phraseology of the act is different from that of any other ter- wise, for it is not good that any one nation should tier believing that the end of the world was near at ritorial act in regard to its repealability. There was held a monopoly so important to all the world, hand, committed some excesses and the troops had to a reason for it.
